ECHOES FROM WINDSOR.

Work of the Superior Court-Severat Convicted.

WINDSOR, N. C., September 14 .- (Spe-

cial.)-In the Superior Court yesterday, before the Hon. J. W. Bowmen, the presiding Judge, Arthur Hoggard, the 18-year-old negro boy who was indicted for criminal assault upon Meta Freeman, a 11-year-old negro girl of this place, was convicted and sentenced to the State Pri-

years and six months for house-breaking and larceny.

Six other negroes were convicted of small offences and sentenced to the county workhouse for terms ranging from three months to one year.

A true bill was found against W. H. Taylor for the murder of Randal Williford (colored). Taylor, who had been evading arrest ever since the homicide occurred, came into court Tuesday and surrendered himself to the Sheriff, and was bound over to the next term of the Superior Court. The State's counsel, who had examined the witnesses, did not think, from the facts stated, that the crime of murder had been committed.

Judge Howman is as fair a judge as any that have presided in this county for many years, and is neither too harsh nor too lenient, but deals out justice to evil-doers with a strict but merelful hand.

In this connection figures obtained from Colonel Morton Marye, Auditor of Public Accounts, by Mr. Frank P. Brent, Secre. tary of the State Board of Education, for Dr. J. L. M. Curry, general agent of the Peabody Fund, are of timely interest. These figures show that the value of farm lands and buildings owned by whites in the counties is \$155,852,250. That owned by blacks is only \$5,896,949.

The value of city and town lots owned by whites in Virginia is \$141,397,191; owned by colored, \$5,554,967. The value of personal property owned by whites in Virginia is \$95,428,625; owned by colored, \$3,617,389.

owned by the whites of Virginia, \$355,176,-676, by colored, \$15,029,305.

From a statement prepared by Auditor in 1891, and on flie at the Capitol, it is learned that in that year the negroes of the State payed \$103,565.54 in taxes. The same year the cost of apprehending, trying, and convicting negro criminals was been one of the same year that the same year the cost of apprehending trying. CO4,000. This great sum does not includ \$04,000. This great sum does not include the appropriation to negro schools, nor the \$80,000 spent in caring for the colored insane. These figures are believed to be proportionately correct to-day.

It was officially stated that the negro race every year receives from the State Treasury at least a haif million dollars more than it pays in.
